### **Alaska USA Foundation gives \$5,000 to the Phoenix Children's Hospital**

**Phoenix, Arizona** – Alaska USA Foundation has donated \$5,000 to the Phoenix Children's Hospital Foundation.

Alaska USA's donation will support children whose families cannot afford the full cost of their medical care. Phoenix Children's Hospital is one of the largest children's hospitals in the nation and provides world-class care focused on six Centers of Excellence and does so without regard to a family's ability to pay.

"Every day the Phoenix Children's Hospital provides treatments for sick children, treatments that can create a great deal of financial hardship for many families," said Dan McCue, Executive Director, Alaska USA Foundation. "This donation will help provide these children with much needed medical care."

#### **About the Alaska USA Foundation**

The Alaska USA Foundation was established in 2003 to support 501(c)(3) charitable organizations that provide needs-based services to children, veterans, and active duty members of the military and their families. Since its inception, the Foundation has distributed over \$1.7 million to these organizations and is honored to assist those that provide direct services in support of its mission.
