

Automatic services

- ✓ Automatic deposit of payroll into your account
- ✓ Easy, automatic transfer of payments to your loans

Forget about the hassle of making deposits and payments when you set up free direct deposit, payroll deduction, and automatic payments and transfers.

No waiting for your paycheck

- When you sign up for direct deposit with your employer or benefits provider, your regular paycheck or benefits check is electronically deposited into your Alaska USA account automatically.
- Direct deposit is both convenient and secure. You don't have to wait for a check to come in the mail, deal with depositing it, or have it sit in a mailbox while you're out of town. Plus, the money is deposited quickly, so it can be accessed faster.
- An added benefit of direct deposit is that you're qualified for an Alaska USA Convenience Checking account with no monthly maintenance fee or minimum balance requirement.

Signing up for direct deposit

Employer – If your employer offers direct deposit or payroll deduction, your personnel or payroll office can provide the appropriate authorization form.

Federal benefits – If you receive federal benefits, such as social security, you can sign up for direct deposit by visiting godirect.gov or calling the U.S. Treasury Electronic Payment office at (800) 333-1795.

Provide your depositor with Alaska USA's routing number, 325272021, and your electronic account number.

Payroll deduction

- Payroll deduction conveniently transfers payroll funds to your Alaska USA loan each payday. You can also make deposits to your savings, checking, money market, and individual retirement accounts (IRAs).
- When you sign up for direct deposit, you can indicate your preferences for payroll deduction on the standard form. If you've already established direct deposit, simply call or visit Alaska USA and ask about adding payroll deduction. You can also change payroll distributions online through UltraBranch® at any time.

Automatic payments and transfers

- Authorize the automatic transfer of payments from your Alaska USA checking or savings account to your loans, or to loans on other Alaska USA credit union accounts. You can also make automatic transfers between share accounts or to other Alaska USA accounts such as your IRA.
