**RVs**—Include motor homes, travel trailers, folding camper trailers, pickup campers, fifth wheel trailers, and van conversions if the unit has two or more amenities that are normally associated with recreational vehicles.

**Pickup/camper combinations**—Include pickup fifth wheel trailers, pickup/hard-shell travel trailers, and pickup/slide-in campers. The trailer or camper must contain two or more permanently affixed amenities (for example, refrigerator, sink, furnace, or cooking facilities). ## The details

- Older vehicles—Financing availability depends on the model year of your vehicle (typically 7 years old or newer), how long you need to finance it, and how you intend to use it. Off-road vehicles and motorcycles older than five years will not normally be financed. However, they will be considered for qualified applicants.
- RV—The age of the RV plus the term of the loan will not normally exceed 23 years.
- Pickup/camper combinations—The age of the oldest item of the combination plus the term of the loan will not normally exceed 13 years.
- Additional restrictions will apply if the RV or pickup/camper combination will be used for anything other than personal recreational purposes. If your intent is to use the RV as a residence or if Alaska USA determines your intent is to use the RV as a residence, we will not be able to accommodate your loan as requested.
- Motorcycles—Financing for motorcycles is typically available for models 5 years old and newer.
- Exceptions may be considered for qualified applicants.

*Qualification and closing are also available at participating dealerships in the Alaska USA dealer network in Alaska, Washington State, California's San Bernardino County, and Arizona's Maricopa County.*
