

# ScoreCard Rewards

- ✓ Earn one point for each dollar spent
- ✓ Redeem points for travel or merchandise
- ✓ Track points and redeem online

Each time you make a purchase with your Alaska USA Visa® Credit Card, you earn ScoreCard® reward points that can be redeemed for travel, hotels, cruises, and merchandise.

## Choose from a variety of travel and merchandise options

**Travel around the world** – Redeem your points for airline tickets, hotel stays, rental cars, cruises, and vacation packages.

**Merchandise** – Choose from over 160 brand-name items in the ScoreCard merchandise catalog. You'll find furniture, electronics, toys, sporting goods, and more. Plus, shipping is free!

## Earning points

- You will automatically earn one point for each dollar spent on purchases using your Alaska USA Visa Credit Card (excluding returns).
- Points are only earned for purchases—one point for each dollar spent.
- Quality, brand-name reward merchandise can be redeemed with as few as 2,000 points. Or, save your points for a vacation or a really big treat.
- Air travel starts at 7,500 points. Short on points? Combine points and cash so you can travel on your terms.

## Using your ScoreCard points

As soon as you begin accumulating reward points, you can track them by logging into your Alaska USA account online or on the ScoreCard website at [scorecardrewards.com](http://scorecardrewards.com). Explore all the options including airfare, hotels, rental cars—even cruises! It's easy to use the site to plan your entire trip. You'll even get recommendations for unique experiences, shows, and tours.

The ScoreCard rewards site is a full-featured travel planning site. When you've selected your travel options, it shows you how many points it's worth, but also allows you to pay the difference with your credit card.

Additionally, you can choose merchandise rewards from an extensive online catalog that includes electronics, accessories, gifts, and home furnishings.
